

As a subscriber to XM Radio I believe that it would be totally wrong to prohibit them from broadcasting the Weather and traffic or anything for that matter. Cable television is the only way you can receive The Weather Channel on TV and there is no restriction. Furthermore, all networks are protected by the First Amendment and have the right to broadcasting what they want. Please reject NAB's petition 04-160 and support XM Radio's First Amendment rights, as well as my rights to be allowed to hear what I want. Thank you.
